TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	<p>implement an infection control program which included tracking, trending, and follow-up concerning any infectious patterns. This deficient practice had the potential to impact 35 of 35 residents residing in the facility</p> <p>Findings included:</p> <p>During an interview with the Director of Nursing on 6/17/2013 at 10:30 A.M., she indicated, she had been back as the Director of Nursing for about a month and had not been able to find the infection control tracking record and did not know if there was one to be found.</p> <p>3.1-18(b)(1)(A) 3.1-18(b)(1)(B) 3.1-18(b)(1)(C)</p>			<p>potential to be affected. 3. It is the practice of the facility to establish and maintain an Infection Control Program designed to provide a safe, sanitary, and comfortable environment and to help prevent development and transmission of disease and infection. Director of Nursing / Designee will investigate, track, and trend all antibiotic use and infectious diagnoses. If any patterns and outbreaks are identified, the findings will be reported to the appropriate regulatory agencies. Tracking will be completed using current physician orders, monthly lab reports, and pharmacy reports. Director of Nursing will alert the Administrator immediately if findings warrant notification to regulatory agencies. 4. Findings to be brought to monthly QAA meetings x 6 months and Quarterly thereafter x6 months or until deemed unnecessary by IDT Team or Medical Director 5. DOC: 07/26/2013</p>
